### First Quarter Revenues reflect \$735,000 increase over First Quarter 2001

Richmond, B.C., Tuesday, June 4, 2002: eMobile Data Corporation ("eMobile Data") reports the following financial results in connection with the completion of its most recent quarter ended March 31, 2002:

- Revenues for first quarter 2002 were \$823,000 as compared to \$88,000 for the same quarter of 2001, and similar to the revenue for the fourth quarter 2001.
- The net result for the first quarter was a loss of \$ \$470,000 as compared with a loss of \$919,000 for the first quarter ended March 31, 2001. The loss for the first quarter 2002 is comparable to the loss for the fourth quarter 2001.

eMobile Data is very pleased with the increase in revenue over the last two quarters compared with previous quarters. While eMobile continues to show an operating loss, upward trending revenues are a direct result of growing market acceptance within the strong utilities sectors. This is a natural progression of the unfolding of our strategic business plan within North American markets. Likewise, elements of this growth are also an indicator of our successful strategic partnership with Itron Inc.

The quarterly statements are available at the company's website, [emobiledata.com](http://emobiledata.com), as well as at [sedar.com](http://sedar.com).
